II. Evidence for Origin Hypotheses

- A. Scholars (Weakest: Appeal to Authority)
- B. Science (Stronger: Can't prove hypotheses)
- C. **Scripture** (**Strongest**: Proven by Prophecy)

Scholars of Science

- 1000's of scientists with PhD's, etc
- Including **internationally** respected scientists
- Including both Christians and **Non-Christians**
- **Why** do we never hear about them on **PBS [Propaganda Broadcasting Company]**, Discovery Channel, or in magazines like National Geographic & Scientific American?

II. Evidence A. Scholars

- Scholars of Science - Scientists
 - Christian
 - Non-Christian
- Scholars of Scripture - Theologians
 - Conservative Christian
 - Liberal Christian

Genesis Family Education © Sid Galloway www.soulcare.org

Evidence of Scholars is a valid “Argument from Authorities”

Yet, it's one of the weakest of evidences. Why?

1. God's authority [Scripture] overrules man's majority.
2. “Experts” are biased, and many are morally blinded.

For example:

Genesis Family Education © Sid Galloway www.soulcare.org

Dr. Peter Singer – Authority??

- Princeton Bioethics Professor (Evolutionist).
- Advocates Abortion & animal = humans
- Encourages Euthanasia of elderly, etc.
- Promotes Pedophilia
- <http://www.boundless.org/2000/departments/isms/a0000424.html>
- How has America allowed such an “authority” to become a tenured Ivy League professor?

Science: Born out of Christianity

- “Christianity elevated the faculty of reason and fostered a spirit of inquiry. Without it, there would never have been a scientific revolution.”
- [logical / *logikos*]

Genesis Family Education © Sid Galloway www.soulcare.org

Science, Philosophy, & Politics

- “Science and politics have become inseparable because of funding and regulation policies. Moreover, politicians intervene in the practice of science, sometimes diverting science and the interpretation of scientific findings away from where the evidence leads to directions deemed politically desirable.”
- From, *POLITICIZING SCIENCE*, 2003 edited by Michael Gough a biologist involved in science policy congressional Office of Technology Assessment, think tanks, etc.

RICHARD D. LUMSDEN

1938 - 1997

Parasitology • Molecular and Cell Biology • Electron Microscopy

Provisionally, I met Dick at a conference in the New Orleans area where his testimony convicted me to also "come out of closet" and boldly proclaim that I am a biblical creationist.

- Directed ICR Biology Department 1990 - 1996

"He had a very vibrant testimony of his conversion only a few years ago and of the role that one of his students played in confronting his evolutionism with persistent and penetrating questions. He became convinced of the bankruptcy of his beliefs and realized that the only reasonable alternative was that there must be a Creator."

“Modern **Darwinism** is built, most fundamentally, upon what I will be calling “**The Primary Axiom**” [It] is that man is merely the product of *random mutations* plus *natural selection*. . . . It is for this reason that the overwhelming **majority of youth** who start out with a belief that there is more to life than mere chemistry – **will lose their faith while at college**. Scientists Who Are NOT Biblical Christians

And Yet Reject Evolution

Genesis Family Education © Sid Galloway www.soulcare.org

The Renowned Dr. Karl Popper

- “To say that a species now living is adapted to its environment is, in fact, almost **tautological [circular reasoning]** Adaptation or fitness is defined by modern evolutionists as survival value, and can be measured by . . . Success in survival: **there is hardly any possibility of testing a theory as feeble as this.**”
- *Unended Quest: An Intellectual Biography* (Oxford: Routledge, 1992), p. 229

Genesis Family Education © Sid Galloway www.soulcare.org

Lee Spetner, PhD

- Jewish Creationist Biophysics Professor
- Former professor and researcher with Johns Hopkins University
 - One of the most respected scientists in the world.
- - Author of a new book: **NOT BY CHANCE: SHATTERING THE THEORY OF EVOLUTION.** His focus is on the fact that mutations never add information.
- "It is certainly the most rational attack on evolution that I have ever read."
 - Professor E. Simon, Dept. of Biology, Purdue University

Genesis Family Education © Sid Galloway www.soulcare.org

Dr Lee Spetner (Biophysicist and Professor at Johns Hopkins University) and author of, *Not By Chance*, The Judaica Press, Inc., Brooklyn, New York.

p.159-160

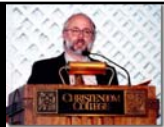

“**Not even one mutation** has been observed that adds a little information to the genome. That surely shows that there are not the millions upon millions of potential mutations the theory demands. There may well not be any. The **failure** to observe even one mutation that adds information is **more than just a failure to find support** for the theory. It is **evidence against** the theory. We have here a **serious challenge** to neo-Darwinian theory.” **[Emphasis added]**

Michael Behe, PhD

- Professor of Biochemistry
- Postdoctoral work on **DNA** structure at the National Institutes of Health.
- In his career he has authored over 40 technical papers and one book, *Darwin's Black Box: The Biochemical Challenge to Evolution*, which argues that living system at the molecular level are best explained as being the result of deliberate intelligent design.

How Do Evolutionary Scientists Respond?

Silence, Censorship,
Numerous Fallacies
in Logical Reasoning

Genesis Family Education © Sid Galloway www.soulcare.org

Secular Scientists Silenced

- Dr. Colin Patterson, senior paleontologist, British Museum, visited USA in 1981 and addressed the Systematics Discussion Group (“experts” in classification)
- “The **question** is: can you **tell me anything** you know about evolution, any one thing, . . . you think is **true**? I tried that question on the geology staff in the Field Museum of Natural History, and the only answer I got was **silence**. I tried it on the members of the Evolutionary Morphology Seminar in the University of Chicago, a very prestigious body of evolutionists, and all I got there was **silence for a long time**, and then eventually one person said, ‘Yes, I do know . . . It ought **not** to be taught in high school.’”

Genesis Family Education © Sid Galloway www.soulcare.org

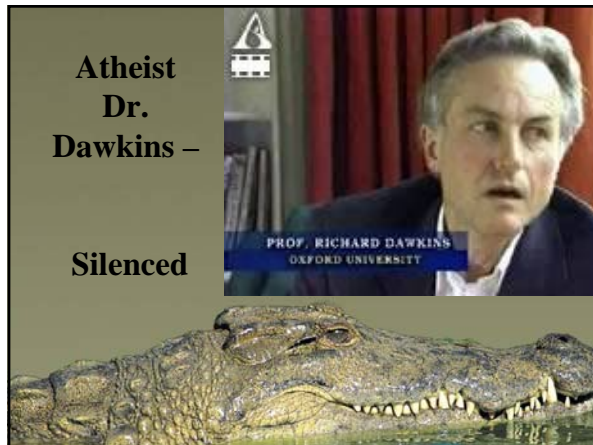

THE Top Evolutionist

• Dr. Richard Dawkins

(Atheist, anti-Christian)

- Professor at Oxford University, England
- Wrote a book: *The Devil’s Chaplain* to defend his failure in a video interview to answer the most important scientific question related to evolution.
- He was asked: “Can you name one mutation that creates new genetic information?”
- See Video Sample: **From a Frog to a Prince** The question is asked by the interviewer at about 22 minutes into the video.

Fear Fills Gaps With Foolishness

- Harvard & UC Berkley Professors
 - *THE PLAUSIBILITY OF LIFE: Resolving Darwin’s Dilemma*, 2005, Yale Univ. Press)
 - Drs. Kirschner & Gerhart
- New Hypothesis: “**Facilitated Variation**”
 - Desperate attempt to solve the Darwinian Dilemma
 - We’ll look further at “facilitated variation” in the section on “Evidence: Science”.

Genesis Family Education © Sid Galloway www.soulcare.org

Dilemma: A Glaring Genetic Gap

- Leading evolutionists **admit** the serious problem:
 - “In the **150 years** since Darwin, the field of evolutionary biology has left a glaring **gap** in understanding how animals developed their astounding variety and complexity. The **answer** [INSUFFICIENTLY] **has been** that small genetic **mutations** accumulate over time to produce wondrous innovation such as eyes and wings. . . . [We will try to] provide a timely [NEW] scientific **rebuttal** to critics of evolution who champion ‘**intelligent design**’.” [COMMENTS ADDED]

Genesis Family Education © Sid Galloway www.soulcare.org

The Point

- These top Harvard and UC Berkley evolutionists admit that so far no adequate mechanism for evolution of new kinds of creatures has been found or described.
- Yet, we have been told that the theory is an established fact.

 - Perhaps the most respected experts on the language and interpretation of the OT
 - About 'very good' in Gen. 1:31, they say: 'everything was perfect in its kind ... the existence of anything evil in the creation of God is absolutely denied, and the hypothesis entirely refuted, that the six days' work merely subdued and fettered an ungodly, evil principle, which had already forced its way into it.'

Spurgeon

- “We are invited, brethren, most earnestly to go away from the old-fashioned belief of our forefathers because of the supposed discoveries of *science*. What is science? The method by which man tries to conceal his ignorance. It should not be so, but so it is. You are not to be dogmatical in theology, my brethren, it is wicked; but for scientific men, it is the correct thing. You are never to assert anything very strongly; but scientists may boldly assert what they cannot prove, and may demand a faith far more credulous than any we possess. Forsooth, you and I are to take our Bibles, and shape and mould our belief according to the ever-shifting teachings of so-called scientific men. What folly is this!

Genesis Family Education © Sid Galloway www.soulcare.org

Spurgeon

- Why, the march of science, falsely so-called, through the world, may be traced by exploded fallacies and abandoned theories. Former explorers, once adored, are now ridiculed; the continual exposure of false hypotheses is a matter of universal notoriety. You may tell where the learned have encamped by the *debris* left behind of suppositions and theories as plentiful as broken bottles. As the quacks, who ruled the world of medicine in one age, are the scorn of the next, so has it been, and so will it be, with your atheistical *savants* and pretenders to science. But they remind us of *facts*. Are they not yet ashamed to use the word? Wonderful *facts*, made to order, and twisted to their will to overthrow the actual facts which the pen of God Himself has recorded!”
