

# HONORS BIOLOGY PAPER – Due 9.9.11

Mr. Galloway (*on webpage & handed out*)

## Hebrew Scriptures as an aid to developing a creationist taxonomy

By Dr. Jean K. Lightner DVM

### START NOW – DON'T WAIT.

- \* FIRST READ INTRO ABSTRACT & CONCLUSION
- \* THEN READ THE BOLD HEADINGS
- \* SCAN 1<sup>ST</sup> SENTENCE OF EACH PARAGRAPH
- \* THEN READ THE WHOLE ARTICLE, underlining, circling, and starring (\*) KEY POINTS or IDEAS

### EXPECTATIONS – REQUIREMENTS

(Critical Evaluation of a Science Article)

- minimum 2 pages, typed, double spaced
- neatness counts
- be creative (no format requirements)
- DO NOT load with too many pics or spaces

### ADDRESS THESE QUESTIONS IN YOUR PAPER:

1. What is the purpose of Dr. Lightner's article?
2. Why is it important to investigate what the Bible says about taxonomy?
3. What biblical Hebrew terms do **NOT** seem to have been intended as taxonomic classifications?
4. What biblical Hebrew terms or phrases do seem to have been intended as taxonomic classifications?
5. What is Dr. Lightner's conclusion, do you agree or disagree? **Defend your reasoning!!**
6. What is your "personal" opinion of the article's readability, scientific importance, and usefulness to the field of biology?
